REPORT OF THE DEPUTY MINISTER.

The Right Honourable
SIR RICHARD J. CARTWRIGHT, P.C., G.C.M.G.,
Minister of Trade and Commerce,
Ottawa, Ont.

SIR, I have the honour to submit herewith the Eighteenth Annual Report of the Department of Trade and Commerce, being the report for the fiscal year ended March 31, 1910.

In the last annual report which I had the honour to present, I ventured to make the prediction that the fiscal year 1909-10, would compare favorably with the best years in the history of Canada. The year finally closed the greatest trade year Canada ever enjoyed. From the latest figures obtainable it would appear that the current fiscal year will far eclipse any previous year in the history of the Dominion.

Attached will be found statements showing Canada's relative position in the percentage of increase with the principal countries of the world and the trade for the six months and twelve months periods ending September 30th, 1910, as compared with the same periods for the previous nine years.

The extension of Canada's total trade, while remarkable in itself, is even greater than that shown by the statistics, inasmuch as the exports of Canadian manufactures and produce generally have been in addition to the very large increase in production necessary to meet the demands of the ever increasing flow of immigration.

Many instances have been brought to the attention of the Department of some of the largest firms in Canada who were quite unable to take advantage of opportunities, which have been brought to their attention by the Canadian Trade Commissioners, for doing business in foreign parts. In every instance the reason given for this has been that they have been too busy supplying the Canadian market.

SPECIAL REPORTS BY TRADE COMMISSIONERS.

During the year the special reports published in the Weekly Report from the Trade Commissioners in various parts of the world have been of exceptional interest and have commanded unusual attention, not only throughout Canada, but in various parts of the Empire. These reports reflect great credit upon Canada's foreign trade staff. Lists of specific questions were put to the Trade Commissioners and exhaustive replies were received in connection with various important branches of Canadian trade.

The subjects dealt with were as follows:

"The Development of a Mail Order Trade"; "Packing and Marking for Exporters"; "Co-operative Export Societies"; "Forestry Conditions Abroad."

This idea of publishing special reports will be continued from time to time. For example: during the present fiscal year special reports have been required of the Trade Commissioners upon the following subjects:

"How to Increase Canada's Fish Trade Abroad"; "Consular Invoices and Customs Regulations"; "Trade in Food Stuffs and Provisions".

A special report of Mr. J. E. Ray upon the trade and commerce of Newfoundland deserves special mention. Mr. Ray's report forms an exhaustive compendium of the import and export trade of Newfoundland and Canada's relative position and her chief competitors in the import trade of that Sister Colony.

NEW OFFICES ESTABLISHED.

Since the last Annual Report was published, new Trade Commissioner offices have been established in Berlin, Germany and Auckland, New Zealand. The much lamented death of Mr. J. S. Larke, the dean of the Trade Commissioner Service, in Australia, enabled the Department, without additional expense, to place a Trade Commissioner in New Zealand, leaving the Trade Commissioner in Melbourne in charge of the whole of the Commonwealth of Australia.

EXTENSION OF THE TRADE COMMISSIONER SERVICE.

During the past few years there has been a very decided feeling on the part of the Canadian business public generally that the Trade Commissioner Service should be very greatly extended. This desire has been brought about by the evident appreciation of the present service, as indicated in the many compliments received from Canadian business men as to the very great value in general of the Trade Commissioner Service.

It would also seem desirable that an additional Trade Commissioner should be appointed, to be known as a "Trade Commissioner at large", who could be used, not only as an inspecting officer for all the Trade Commissioner offices, but should be available at all times to be sent to any part of the world to write special trade reports.

EXPORT DIRECTORY.

The Export Directory, of which mention has been made from time to time in the Weekly Report, is now an accomplished fact. About 20,000 circulars were sent broadcast throughout Canada and addressed to business men, manufacturers and other producers interested in export trade. It was hoped that in time the name of every one in Canada in a position to do an export business would be indexed. More than 4,000 replies were received, which entailed an enormous amount of work in classifying and indexing. Some exporters were in a position to export several scores of different articles, each of which had to be indexed under the respective commodity.

With the assistance of the Export Directory the Department is now able to forward immediately to the foreign enquirer complete lists of all the exporters in Canada of any commodity and at the same time all the respective Canadian exporters are advised as to the name and address of the foreign enquirer and full information is forwarded as to the requirements of the foreign firm.

Copies of the Export Directory will be forwarded to the various Trade Commissioners, British Consuls, Boards of Trade and Chambers of Commerce throughout all parts of the world. It is the intention of the Department to keep this Directory up to date and utilize it as the official reference list of Canadian exporters.

As an example of the system adopted, the following instance may be cited: A communication was received from the British Commercial Bureau at Salonica, Turkey, stating that there was an opening more or less large in that country for the sale of Canadian vehicles and ploughs. The Director of the Bureau asked to be placed in possession of the names of Canadian manufacturers. A complete list was immediately forwarded to him, and he was informed that all the firms on the list had been advised of his address and that he would doubtless hear direct from many of them in due time. The request thus received was promptly made known to 32 firms manufacturing car-

riages, 29 waggon manufacturers and 21 manufacturers of ploughs. Thus the chain was completed through which results may be expected.

Another instance may be given of a firm in Georgetown, British Guiana, asking for the names and addresses of the exporters of flour and packers of salmon. They further desired the best export prices c.i.f. to Demerara with samples of the various grades, &c.

A list of 170 manufacturers of flour and the names and addresses of 24 packers of salmon were forwarded by return mail to the correspondent in Demerara. All these firms were at the same time requested to quote prices and forward samples to Demerara.

FOREIGN IMPORTERS LIST.

As a complement to the Export Directory prepared in this Department, instructions were sent to the Trade Commissioners to prepare in their respective offices an Importers List which will be available at all times to Canadian exporters. Extracts from this Importers List have been published from time to time in the Weekly Report, and it is intended to publish the complete list at some future date in one volume for distribution in Canada.

MONTHLY AND WEEKLY REPORTS.

The publication of the Monthly and Weekly Reports has been continued regularly with a constant increase both in circulation and interest to the Canadian business men. Many evidences of the utility of these reports are frequently brought to the attention of the Department.

METHOD OF PUBLISHING ANNUAL REPORT.

The new system adopted in the publication of the Annual Report of the Department last year in seven parts has borne extremely beneficial results.

Prior to the date mentioned, the Annual Report was published in three parts, and the idea of publishing the Annual in seven parts has enabled the Department to so divide the information therein, that it is now possible to send anyone interested a comparatively convenient volume wherein all the information on the specific subject can be obtained, rather than sending a heavy volume full of information which, to the correspondent, may have little or no value. It has also resulted in the Department being able to materially decrease the cost of printing inasmuch as the portions of the Report with smaller demand can be ordered accordingly.

The most important result, however, has been that the various parts of the Report can be issued to the public without having to wait a much longer time for the completion of the whole.

FOREIGN TARIFFS.

The tariffs of all the countries in the world have been kept on file at the Department, and the increasing interest shown by Canadian exporters for information in connection with these tariffs is worthy of mention, as it is indicative of the desire of Canadian exporters to increase their sales in all parts of the world.

TRADE ENQUIRIES.

The number of trade enquiry addresses furnished Canadian firms interested therein has shown a very healthy increase as indicated in the sub-joined table. When a Canadian business man requests the name and address of any of these enquiries, the Trade Commissioner whence the enquiry emanated is promptly advised of the Canadian firm interested, and he in turn informs the foreign enquirer, hence the chain is completed, so that should the Canadian firm not write to the foreign enquirer, the latter may write direct to the Canadian business man.

An arrangement has been completed whereby the trade enquiries are now distributed, in addition to the distribution from the Trade and Commerce Department, by the Boards of Trade at Calgary, Halifax, Montreal, St. John, Vancouver and Winnipeg.

The reason for the above statements showing that apparently more addresses were furnished correspondents than were received since the Weekly Report was first published in 1904, is the fact that some of the same addresses are furnished to many interested applicants.

SOUTH AFRICA'S NATAL DAY.

It may be of more than passing interest to note an incident of Imperial importance which was conceived by the Canadian Trade Commissioner in Durban. With the approach of the First Natal Day of United South Africa on May 31st last, Mr. H. R. Poussette suggested that this Department should interest the educational authorities throughout Canada in flying the British flag over the schools throughout the Dominion as a compliment from the school children of Canada to the school children of British South Africa.

Mr. Poussette's suggestion was promptly acted upon, communications being sent to all the provincial education authorities, and the idea was carried out with great enthusiasm throughout the whole of Canada on the day set for the first South African anniversary. In addition to the flying of flags, lectures were given upon the history and development of the sister colony across the seas. This action of the Canadian Provincial authorities led to the exchange of felicitous cables in which the Premier of South Africa expressed his warmest thanks to Canada in behalf of the children of Boer and Briton in South Africa.

NEW PUBLICATIONS.

For the first time, the Department issued last July a pamphlet containing all the commercial arrangements of Canada in one publication. This publication is entitled 'Papers relating to Commercial Arrangements between Canada and Foreign Countries.' It has been widely commented upon and received with considerable interest.

The 'Chinese Immigration Act as amended to date with Regulations authorized by Order in Council' was also published last June as a Departmental pamphlet.

'The Inspection and Sale of Grain Act' and 'The Manitoba Grain Act' as amended to date were also issued in consolidated form in one pamphlet for convenient reference.

GRAIN INSPECTION.

It is a pleasure to note that considerable satisfaction has been in evidence throughout the grain trade in Canada in connection with the transportation of grain on the Great Lakes. The frequent shortages in grain reported during past years at the Lower Lake and Georgian Bay Ports was a continual source of trouble. During the summer and fall of last year, however, at the instance of this Department, a thorough inspection of all the elevator scales was made under the instruction of the Chief Dominion Inspector of Weights and Measures.

Thus far not a single complaint of any moment has been lodged this season in connection with shortages at the lower end of the Lakes. This is a notable improvement over the previous year.

The undersigned in this connection is pleased to observe that the President of the Dominion Marine Association wrote to the Department, under date of September 23, 1910, as follows:

'I wish to extend to you my congratulations on what your Department has done during the past season in connection with the shortage question.'

RESIGNATION OF CHIEF INSPECTOR OF GRAIN.

The resignation of Chief Grain Inspecter David Horn is not only a serious loss to this Department but to the Dominion at large. Mr. Horn's able qualifications were doubless largely responsible for the very high reputation attained by Canadian grain certificates in the various markets of the world. Mr. Horn, however, having trained a very efficient staff, it is fully expected that his successor will be able to continue the very excellent system which has now grown up and become firmly fixed in the grain trade of Canada.

I have the honour to be, Sir,
Your obedient servant,
F. C. T. O'HARA,
Deputy Minister.
